Gleim CIA Review Academic Site License Terms and Conditions

Professors and accounting faculty at colleges and universities (the licensee) can obtain a free CIA Academic Site License from Gleim Publications, Inc. according to the following provisions:

1. Gleim Publications, Inc. (Gleim) will provide access to a download of the network version *CIA Test Prep Software* for installation in the licensee's computer lab for student and faculty use. Students can purchase copies of the software at a discounted price to use at home so that study sessions and performance tracking data can be transferred between home and school. Students should not have the ability to log into the network and use the Test Prep Software from home.
2. Students may purchase Review books, Test Prep Software, Test Prep for Windows Mobile, Audio CDs, and the CIA Gleim Online at student discounted prices. Student orders under the Site License must be placed directly through Gleim Publications, Inc. Bookstores may not purchase CIA Review materials at the Academic Site License prices.
3. Each student will provide a student email address for verification when they order. If students do not have student email addresses, the licensee must provide a roster of students' first and last names for verification. Graduated students do not qualify for discounts.
4. Licensee may request copies of the *CIA: A System for Success* booklet to distribute to students (limit 90 booklets per request).

To enroll in the complimentary site license, contact your Professor Relations Coordinator for access to the electronic agreement form. Upon receipt and processing, Gleim will provide the licensee with access to a download of the network version *CIA Test Prep Software*.

Gleim will grant the licensee and each of its students and faculty the nontransferable right to use these materials for a term of one year. The license may be renewed annually thereafter. If you have any questions, please contact Gleim Publications, Inc.:
